Loving Greetings

We had a wonderful intensive week of classes even though sad that we couldn't meet in person.

However, it did mean that many more people were able to join the classes. So even though we are holding that we will be able meet in person in 2021 we see the value of having these classes available online as well.

Now I am delighted to let you know that there is a seven-week class coming right up. Lesley French, our Licensed Unity Teacher in Melbourne is facilitating "Discerning Your Purpose."

Like me, Lesley loved working with Gregg Levoy's book and volunteered to share it with you.

This class, as well as the one Julian is facilitating, Metaphysics 3, are part of Unity's Spiritual Development Program and may be taken for credit or just for your own spiritual development.

Yours in loving Unity,
 Ros Goldsbrough,
 Education Director

Give your love offerings the same way.

The Zoom classes are held on a love offering basis.

The love offerings are shared with the facilitators. Remember neither of them receive payment for doing these classes so make sure you recognise this in your giving.

I have been delighted with the way people have been showing up to these classes. It still amazes me that the Fillmores built a worldwide movement on the basis of free will love offerings.

I am encouraged that we are on the right track to building a vibrant Unity Australasia.

What do you think about the idea that it's more blessed to give than receive? I know that I love the receiving bit enormously. But it took me a while to get that giving wasn't about getting if you catch my drift.

As you give, so you receive!

Class Description:

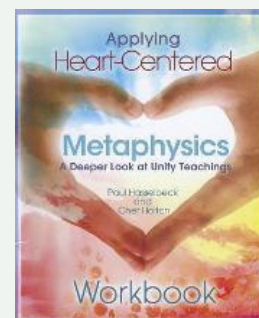

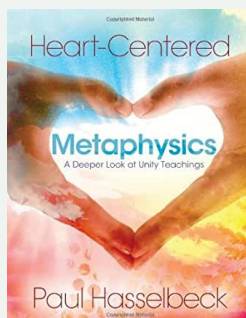

The spiritual path diverges in many ways. Discerning which path to take is both a reflective and an action-packed process. In this course, we take a look at our strengths and abilities, as well as, our desires and passions to help to determine what actions to take or better yet, to discover the questions. Getting to a full-bodied 'yes' may be a desired outcome for some, while for others may find forming the questions for clarity more beneficial. Being on the path of your purpose is enlivening and fulfilling, and it also comes with real-life challenges. How do we navigate this terrain? *Discerning Your Purpose* provides a process for challenging your thoughts and desires along with accountability steps to manifest that achievement. You will explore your skills, abilities and spiritual gifts while discovering the 'next steps' for progressing to the desired outcome.
